

AIR SAN

Registered Trade Mark TM 2014/16035

Air San effectively neutralizes odours and provides long term odour control. When exposed to moisture the product produces a chlorine dioxide gas that combats odours caused by microbes, fires, and flood damages etc.

DIRECTIONS FOR GENERAL USE:

0.8 g tablets - Shoe boxes, dustbins, cars or any small area. 20 g Sachet - odour control in areas covering 100m³.

DIRECTIONS FOR GENERAL USE: For larger areas, more than one sachet can be used. Please consult supplier before applications. 20 g & 40 g Sachets - Dependant on applications - product forms toxic gasses when in contact with water. Do not allow product to come into contact with water unless application if for fumigation. Specific protocols need to be followed. Only open foil packaging. Do not open inner packaging.
