

FLOOR P

Floor P is a heavy duty, high alkaline, low foaming, powdered, floor cleaner, designed for industrial plants. Product pH @ 1 % is between 11.00 - 12.50.

Dilutions

Use at 10 - 100 g/L (1:100 - 1:10) dilution with water depending on application. For normal applications, use the product at 10 -30 g/L and for very dirty areas, use 50 - 100 g/L solution. Alternatively the product may be sprinkled over the wet floor area at approximately half a cup (100 - 150 g) per square meter floor area. Scrub all areas well with a broom. Allow a 10 -20 min contact time. Rinse off and inspect areas for effective cleaning. Repeat the process if necessary. Rinse surface well with cold water. Do not mix with any other chemicals. Use diluted product within 1 day.

GHS Identification:

Warning

PPE

Gloves, Goggles, Personal Protective Clothing, Gumboots
