

SPARKLE CONCENTRATE

Sparkle Concentrate is a highly concentrated, foaming, liquid, degreaser for the removal of grease and dirt from any surface by hand, high pressure machine or foaming unit. The product is an ideal heavy duty degreaser for cleaning all areas. The product pH at a 2 ml/l (0.20 %) concentration is between 10.00-11.00.

Dilutions

Use at 2.0 – 3.3 ml/L (1:500 – 1:300) dilution with water depending on the application. Dilution may vary on application requirements. Scrub all areas well, rinse off, and inspect area for effective cleaning. Repeat if necessary. Product is corrosive in concentrated form. Avoid contact with soft metals - e.g. aluminium. Do not mix with any other chemical. Use diluted product within 7 days.
